

Mini Bait stations

Why use them?

1. Land owners like the cleaner visible approach
2. Easy for all to see in the bush
3. Potential to kill 4 plus possums on one station
4. Two visits (once to set, once to bury and collect possums)
5. It is set off the ground and easy to remove or bury
6. Lid protects bait in showery weather
7. Cheaper system than Feratox
8. Safer for dogs livestock and kiwi
9. Trailed with over 20 thousand sets
10. 60% available possum killed in first night
11. Less chance for poison shy possums
12. Easy to carry
13. Fast to lay and recover
14. No messy line marker tape required
15. Works on all staple holding surfaces
16. Accepted by D.O.C for possum contract work
